It is of the utmost importance for me to hold a safe, quiet, space for my directee in his/her spiritual exploration. Deep listening without judgment is the profound first step in responding to human need.

I consider it the highest honor to accompany a direct during this sacred walk. I practice silence and contemplation as a personal spiritual practice. I am available to meet with you in person, via Zoom, or by phone. I am happy to set up an exploratory interview with no expectations to commit.

Commissioned graduate of the FIND School for Spiritual Direction and Formation, Member of the Austin Spiritual Directors Community, Member of Spiritual Directors International.
